We need access to a copy of these records - you can bring in a paper copy or email them to us!

We appreciate how patient & understanding everyone has been this past year with all of the changes we have had to make. The pandemic has hugely impacted the tattoo & piercing experience for artists & clients. We understand that some of the

policies may seem frustrating to work around. We are beyond grateful for your ongoing support & willingness to adapt with us!

How to Book an Appointment:

Appointments can be booked via Phone or Email

We are a custom only shop with a small staff and experience a high volume of tattoo & piercing requests via email. Please allow us some time to respond to your inquiries! (Turn around time for replies can be up to 72 hours. Please plan accordingly).

Tattoos:

Booking is at the discretion of your artist based on their availability & desire to do your tattoo. Your artist may have you do a phone/email consultation, or they may require you to come in for an in-person consult, in which case you will need to set a separate appointment for that first. Per usual, a \$50 non-refundable deposit which goes toward your final payment is still required upon your booking.

Please include the following information when you message us:

Name, Contact info, a Description of what you would like to have tattooed as well as Reference Photos, Approximate size in inches, and Placement!

Piercings:

We accept same-day appointments on a first come first serve basis. You can book up to 3 weeks in advance! You need an appointment for ALL services, this includes jewelry swaps & checkups. We charge a \$15 minimum fee for all swaps & checkups to cover appointment time slots and additional PPE & sanitation supply costs.

There is no deposit required for piercings, but we ask that you call at least 24 hours ahead if you need to cancel or reschedule. If you show up late with no call, we reserve the right to bump you to another time/date.
